

50+ Skills Workshop

The workshop is offered to help engage, connect and educate members of this platform.

The workshop is offered ONLY to members.

What defines membership?

- You are a paid up individual member
- An employee of a Corporate membership
- An owner of an SMME needing support
- You are an employee of a NPO membership
- You are an employee of an academic membership

What will be covered in the workshop?

It covers the following topics to help you navigate and start to plan your next season of life:

- A big picture view of why we will retire differently to our parents and grandparents
- Planning wisely for our tangible and intangible assets
- Second careers and entrepreneurship
- Skilled volunteering
- Communication, social media and technology
- Discovering your passion and purpose in this next season
- Skills needed in a 21st century world
- The convergence of longevity and technology and the impact on our lives

We will also do an overview of the 50 Plus-Skills website and the benefits and opportunities that will become available as we learn, earn and serve together.

These workshops will take 3-4 hours, be held regularly and will be advertised on the website and in other communication.

They will happen regularly in Johannesburg, Cape Town and Durban during 2018 and will be on a first booked basis via our online booking tool.

Age diversity benefits economic growth.
